Because it is a practical, realistic tool, we've experienced tremendous buy-in from our members and volunteer-leaders. On that board, after almost a year, we still don't have a Strategic Plan and, as one of their Directors, I feel that the whole thing isn't worth my time. With you, it was 24 hours, lots of fun, lots of input and a great end result. Very impressive."

*Lynda Butler, President,

"Jerry provides that special combination of keen business insight with excellent planning skills. That said, he truly served as "facilitator", allowing our Strategic Planning Committee members to begin from a clean sheet of paper, use information from various surveys and interviews and other research, and then

develop their own ideas and insights into our final Plan. We were very pleased with the results and recommend him to any organization wishing to move forward with new ideas.”

Robert N. Authier, CEO

Massachusetts Association of Realtors

“Jerry, Thank you for facilitating a superb Strategic Planning Conference for the South Carolina Association of Realtors. Your introduction to the world of real estate in the future helped create an environment that stimulated “out-of-the-box” thinking and participants were willing to put aside all preconceived ideas and work from a clean slate. What amazed me is that it took less than two minutes for a creative group of individuals to come up with a far-reaching and forward thinking VISION that will totally change the focus of resources and volunteer efforts in the coming years. I commend you for your patience, your willingness to listen and most of all your ability to allow the participants to put forward their ideas and create a strategic plan they can buy into with pride of ownership. I heard nothing but outstanding comments about the process, your guiding hand, and a Strategic Plan that will provide us a roadmap for the future.”

Andy Lawrence, President

St. Louis Association of Realtors

“If you are thinking of doing a strategic plan, do not go it alone. Jerry brought us all together in a way that we could never have done on our own. The cooperation in our session was so natural, and came so easy with his leadership and direction. But do not fool yourself into thinking it is easy. We found that what we thought we needed was not really what we needed. It took that

impartial third party to set us on the right path. We have started implementation of the plan, and now we feel like we can get to where we have wanted to be for a long time."

*Jeanne Kozak, Chairman
Eastern Panhandle Board of Realtors*

"Jerry Matthews does an outstanding job keeping everyone focused on the task at hand-- creating a meaningful, attainable vision for your organization. With charisma and experience, he makes it lively and enjoyable! We accomplished more in a day, under his guidance, than others do in a week!"

*Alex S. Holbert, President-Elect
Coastal Carolinas Association of Realtors*

Leadership Conference

"We have heard rave reviews from everyone and not one negative. From the most consistent complainers to the most devout supporters, the experience was "very motivating and full of good information." Thank you for your guidance and for setting such a productive tone with your opening session. Everything flowed from there to develop an enthusiastic sense of teamwork, which I am sure is going to play out throughout the rest of the year. We have had our hands full trying to channel the rushing wave and capitalizing on the momentum."

*Bob Hill, Executive Vice President,
Vermont Association of Realtors*

"I can truthfully say that I NEVER get bored or drift off when I am in one of your presentations. You are truly a wonderful presenter and facilitator. I have received many excellent comments about both your presentations. Keep up the good work! *Lynda Butler, President

*Pat Reilly, VP
New York State Association of Realtors*

"We are in the 11th year of a leadership academy and have been trying to do new things and to stretch the thinking of everyone in the program.. We hit on that this year with the assistance of Jerry Matthews and his look into the future. He managed to challenge the mindsets of the participants; that is difficult to do with a group REALTORS. In turn, they presented new world opportunities to our Board of Directors."

*Steve Sullivan, CEO
Metropolitan Indianapolis Board of Realtors*

Contingency Planning

"Both Realtors and our senior staff were pleasantly surprised at the Contingency Planning experience led by Jerry. We were expecting to talk about gloom and doom projections and wade through a host of dry figures. Instead we found the experience stimulating and exciting, and we discussed a future filled with possibilities and opportunities. We had fun! The day was over before we realized it."

Dianne McMillan, CEO

North San Diego County Association of Realtors

Staff Retreat

"Creating an unusual and stimulating staff retreat with a tenured team like I have at the Wisconsin Realtors Association was a challenge for me until I hired Jerry Matthews. Bill Malkasian, President,

Wisconsin Realtors Association

MLS Strategic Planning

"SoCalMLS recently held its first formal Strategic Planning Retreat with Jerry Matthews as its facilitator. We were looking for someone with the right blend of industry experience and group dynamics savvy. Jerry provided both and more. He allowed everyone to get involved and feel that they were part of the process - guiding but not steering the group. We look forward to future follow-up sessions with Jerry as we implement our strategic plan."

Russ Bergeron, General Manager,

Southern California MLS

"Jerry, Our board has had great success with bringing in outside professionals to assist us with different tasks. Your role in our Strategic Planning Session was exactly what we needed. Your professionalism and input helped us reach the consensus and final product we were hoping to achieve. Thanks again for bringing out the best in us."

Realtor Jeff Grover,

Pargin Realty ERA

President, Southwest Regional MLS(AZ)

"As CEO of NTREIS, the 22,000 member Regional MLS in the Greater Dallas Fort Worth Metropolitan Area, producing a strategic plan that represents and clarifies the future direction of an ever evolving company was a task for which a proven leader in the field of technology and relationships was essential.

Jerry Matthews has a very thoughtful and casual style with which he gracefully navigates political and technological issues with equal

competence. He has an insightful understanding of the day to day complexities of operating an information services firm, as well as significant experience in the leadership of an organization, which brings credibility to the process, as well.

In his disarming and nurturing fashion, Jerry was able to find the common ground within the planning group to facilitate a plan which carefully articulates objectives for the future of NTREIS as well as the support and consensus of the stakeholders in the organization.”

James Harrison, CEO

North Texas Real Estate Information Systems

“As an organization that supports 60,000 ‘Type A’ personalities, gaining consensus is hard work. But by using Jerry’s full suite of strategic planning modules, MRIS was able to gather a mountain of information and make sense of it! In fact, Jerry’s project was completed this past September and we are well into implementation by December.

I strongly recommend that you take a serious look at Jerry’s unique process. It is efficient, productive and results in specific action plans for your company. And as importantly, he generates consensus from a highly eclectic and demanding customer; your customer base.”

David Charron, President

Metropolitan Regional Information System

Executive Search

“Jerry played an invaluable role in the process to find a new CEO. The process worked so well because through his assistance we were able to: (1) compress the timeline for completing our task, avoiding a lengthy period of uncertainty for our employees and the members, (2) to attract a larger, more qualified pool of candidates to consider, (3) to establish a criteria and job description for the CEO position which kept us focused on specific attributes and characteristics as opposed to personalities and “gut feelings”, and (4) to systematically evaluate the candidates during the interview process. Bottom line, the process yielded the best available candidate in the shortest period of time which greatly benefits our association.”

Randy Jeffers, Search Committee Chairman

Texas Association of Realtors

“Jerry did a wonderful job of assisting the North Texas Real Estate Information Services organization in locating a new CEO. His diverse contacts and understanding of the industry were invaluable in bringing us only well qualified candidates. His organizational skills allowed us to efficiently and quickly elevate the best candidate for our purposes. We would highly recommend his services to any organization searching for key personnel.”

John Applegate, President

North Texas Real Estate Information Services

"Jerry more than meet my expectations with all aspects of the search and hire process for MREIS. Not only did he find us some great candidates but in an astounding short time frame. I would not hesitate a minute in recommending or using Jerry's services again."

Marc Chadbuorne, Chairman

Maine Real Estate Information Systems, Inc.

"Jerry Matthews delivers all that he promises, and then some. He works closely with the local organization, respecting all established parameters. He is diligent in his preparation, and provides excellent working materials for the local executive search committee members. His guidance is deferential, respectful, but always astute and to the point. I have worked with other providers of such services in the past, but can say that Jerry Matthews is superior."
